### Most Beautiful Ceremony:

Aruba has dozens of upscale high-rise resorts. But real romantics prefer the intimate European-style ambiance of Bucuti Beach Resort, a stylish couples-only retreat on a secluded 14-acre stretch of Eagle Beach. The resort's "Dream Beach" really is a dreamy setting for a wedding ceremony. And later, the double balcony of Suite 258 gives honeymooners a bird's-eye view of this idyllic spot. The resort's wedding planner and staff love to work with each couple to create intimately personal scenarios that make the big event even more special. Local phone: 297-583-1100.
