BUCUTI BEACH RESORT

On the widest, most secluded section of Eagle Beach, this European-style resort is a cut above the rest. Hacienda-style buildings house sunny rooms with cherrywood furnishings, sparkling tile floors, and ocean-view terraces. Extras include coffeemakers, microwaves, and hair dryers. The new ocean-front Tara Wing, with its chic rooms and soothing spa, proved so popular that the other guest rooms have been remodeled to match. Work out in the open-air fitness pavilion surrounded by lush gardens. Revel in 24-hour Internet access and wireless broadband connection throughout the resort – even on the beach. The hotel consistently wins awards for being environmentally conscientious. Book early, as repeat guests flood the resort every high season.
