

Bucuti News

To celebrate Wellness Month on Aruba, this June we are featuring a wellness theme to our newsletter. While Bucuti & Tara is known as the Caribbean's No. 1 Hotel for Romance, we also have a strong affinity for healthy living.

On behalf of the Bucuti associates, thank you for your support and we look forward to welcoming you soon.

With peace, love and happiness ... *naturally*,

Caribbean's First Healthy Hour

Bucuti has expanded its successful wellness program to introduce daily activities and the

Caribbean's first Healthy Hour.

As Happy Hour's wellness-focused counterpart, Healthy Hour provides complimentary wholesome snacks and half-priced nutrient-packed smoothies and Bucuti craft mocktails from **3 to 4 p.m. daily**, like our popular Strawberry Nojito.

Eco-friendly Sunscreen

Since we are so close to the equator, it is extra important to protect your skin from the sun's harmful rays with a quality sunscreen. However, many commercial sunscreens are harmful for the beautiful coral reefs of the Caribbean.

Bucuti & Tara is pleased to offer guests a coral reef-safe sunblock proudly made in Aruba.

Saving the Turtles

In addition to a focus on healthy living, Bucuti actively protects the endangered Leatherback sea turtles that nest on our beach.

There have already been three mother turtles that have laid their eggs, with the first hatchlings

expected in late June.

Will you be here to witness this memorable sight as the tiny turtles make their way to the ocean?
