### Feel Like a Celebrity in Aruba

Aruba's consistently sunny, 82 degree weather and location outside the hurricane belt guarantee that you won't need to worry about inclement weather getting in the way of your beach days. The adults-only Bucuti & Tara Beach Resort on Eagle Beach offers a VIP "Honeymoon like a Celebrity" experience for couples who want to feel like A-listers. This includes a romance concierge to help coordinate the trip itinerary ahead of time, access to an exclusive airport lounge and pick-up upon arrival in a black car complete with a "Just Married" decoration, plus a personal assistant for the whole trip.
