From our home to yours...

With the news that we have successfully 'flattened the curve' in many areas around the world, including Aruba, we are optimistic for brighter days ahead. Our thoughts have been with all of you, with hopes that you are making it through this time safely and in good health.

Many of our guests have shared their desire to proceed with their honeymoon, milestone anniversary or much needed getaway this summer and our message to you is that we are here, ready and waiting to welcome you back.

While travel to Aruba remains closed through May 31st, we are active with island tourism leaders to work with airlines to fly as soon as our border opens again. We will keep our blog updated daily to keep you informed as the situation evolves. All guests with reservations - and those who want to reserve for future dates - can feel secure with our flexible policies for arrivals now through December 22nd which will not incur a cancellation or change penalty up to the day of your arrival.

Our associates and management team are here at the resort, open for business, renovating, training, and refreshing to make our resort better than it's ever been for your return.

Meanwhile, if you have any questions about your current or future reservation please call or contact our reservations department open Mon - Fri 8am - 5pm, EST. e-mail: info@bucuti.com. Daily updates are made on our resort Blog: www.bucuti.com/blog

We wish you continued safety and good health and look forward to welcoming you back, soon.

Covid-19 Health & Safety protocols implemented

As an ISO and HACCP certified resort for over a decade, Bucuti & Tara has always provided a heightened level of safety and hygiene to our guests. Over the past weeks however, we have enhanced our cleaning protocols with CDC and WHO guidelines throughout the resort to include extensive additional sanitation and cleaning routines in every department. Following the training and implementation of the protocols we had health professionals in Aruba test our new system to ensure we are operating at the safest level for guests and associates alike.

More Information

#BringingBucutiToYou

Until we are able to welcome you back to Bucuti, we are #BringingBucutiToYou!

Videos featuring our associates are appearing regularly on our social media channels to let you know you are missed.

By following and engaging with these emails, you help us maintain our connection and inspire others to establish one too.

We thank you for your kindness there, it means the world to all of us. And in case you missed the posts, you can find them all on YouTube by clicking the button below:
